Car Parking

The prices in our car parks will be changing from Monday 1 September 2025.

New tariffs are available further down this page.

Most hospital car parks at the Leicester Royal Infirmary operate an automatic number plate recognition (ANPR) system on a pay-on-foot basis. Simply park your vehicle, attend your appointment or visit, and then pay at one of the pay stations before exiting the car park.

The main multi-storey car park is accessed via Havelock Street and open 24 hours a day, every day. A one-way system is in place meaning most vehicles exit via Aylestone Road.

The Adult Emergency Department Car Park operates on a pay-and-display basis. When you arrive, please purchase a ticket for the required duration and display it clearly in your vehicle's front windscreen.

Please note pay-and-display machines accept cash only. However, card payments can be made at the car park office, open 8am to 4pm.

Charges

The daily ticket is available to patients and prime carers. It costs £6.10 and is available from the car park office onsite. The daily ticket expires at the end of the day it is purchased on.

From 1 September 2025 the daily ticket for patients and prime carers will be £8.00.
